CHURCH NEWS

Red Oak Baptist Church
Organized 1774
Edgar S. Price, Pastor

Sunday School, 9:45 A. M.
Rob Lucado, Superintendent.
Fully graded with classes for all ages.

Morning Worship, 11 o'clock.
Subject: "Christian Faith in Action."
Training Union, 7 P. M.
Berkley Cabiness, Director.

REVIVAL MEETING

Our Revival will begin Easter Sunday with a Sunrise service at 6 A. M. Due to popular demand we will again this year hold the Sunrise service, to which the comuunity is cordially invited. There will be special music by the church choir under the direction of Mrs. E. S. Price. The pastor will deliver a message on the subject, "The Meaning of the Empty Grave of Jesus." The Revival will continue for two weeks, each evening at 7:30 o'clock. The pastor will bring a special message on Prophecy relating to our day and time as we face the immediate future. Having for many years studied Prophecy, the pastor is thoroughly prepared to deal with this subject as it relates to our day and time in history.

The public is cordially invited to come and hear these timely messages.

FRIEND - SEEKERS
CLASS TO MEET

The Friend-Seekers Young Adult Class of Mt. Comfort Church will meet at Oakville School Saturday night, March 19.

M. Y. F., 7:30 P. M.

We are very proud of our laymen on the Charge. They are doing a wonderful job.

Seventh-day Adventist Church
William Carey, Pastor

Saturday, March 19, 1955

Sabbath School at 9:30 A. M.
Morning Worship at 11:00 o'clock. Sermon subject: "Christian Service."
MV meeting Friday night at 7:30 o'clock.

RED OAK W. M. S.

The W. M. S. of Red Oak Baptist Church met Saturday, March 12, at 2:00 P. M. in the home of Mrs. J. C. Abbitt. The chairman of the program committee, Mrs. George Collins, had charge of the program. The subject was, "The Cooperative Program." The meeting opened with a song and was followed with a prayer offered by Mrs. W. C. Harvey.

The devotion was given by Mrs. J. C. Abbitt. Others taking part on the program were Mrs. Ruby Harris, Mrs. Fleming Martin, Mrs. Theo Deaner, Mrs. E. S. Price, Mrs. E. J. Marsh, Mrs. C. D. Lewis and Mrs. Lucado

A business session followed immediately and was presided over by the president, Mrs E. S. Price.

The next meeting will be held in the home of Mrs. O. A. Yeatts. During a social period, the hostess served delicious refreshments.

ADVENTISTS LAUNCH
MISSION APPEAL

Members of the Seventh-day Adventist Church will cut corners on routine activities for the next three or four weeks in order to participate actively in the denomination's annual Missions Appeal, beginning March 19.

With household chores cut to a minimum and evening relaxation temporarily banished, five witnesses solicitors will visit frends and neighbors in the community to invite them to share in the mission and welfare program sponsored by the church in 198 countries of the world. William Carey, pastor of the Appomattox Adventist congregation, reports that last year the denomination spent approximately $60,000,000 in its medical, educational, evangelistic, and welfare work.

In addition to the regular mission program, the minister says, individual churches operated welfare activities that last year saw 1,201,700 persons given aid valued at $10,420,000.

"Our members are not professional solicitors," Pastor Carey pointed out; "nor do they particularly enjoy climbing hundreds of doorsteps and knocking on hundreds of doors during the drive. But they want to contribute this time and energy in addition to their financial contributions in order to bring aid to the millions on earth who suffer physical, mental, and spiritual malnutrition."

The pastor stated that each solicitor would carry official credentials issued for the 1955 drive.

St. Ann's Episcopal Church
(4th Sunday in Lent)
11 A. M. Church School.
Frank K. Mabley, Supt.

Seventh-day Adventist Church

William Carey, a pastor of the Appomattox Seventh-day Adventist Church, will be a delegate to the denomination's ninth quadrennial convention of the Columbia Union Conference in Cincinnati, Ohio March 21-24.

Ministers, administrative officers, school officials, laymen, and other denominational employees representing Adventist churches of seven middle Atlantic states and the District of Columbia will attend the four-day session to be held in the Sheraton-Gibson Hotel in the Ohio city.

The local pastor will join ministers and laymen from all over the state in attending the quadrennial convention of the church. A total of more than 500 delegates and visitors are expected to attend from Ohio, Pennsylvania, New Jersey Maryland, Delaware, Virginia, West Virginia and the District of Columbia.

In addition representatives will attend from the international headquarters of the church in Washington, D. C., the regional headquarters in Takoma Park, Maryland, and from several of the church's publishing houses.

Reports of the achievement in various phases of church work will be given by departmental secretaries and other officials of the Columbia Union Conference headquarters which is located in Washington, D. C. One of the main items of business will be the election of union conference officers and secretaries for the coming quadrennial period.

D. A. Ochs, President of the Columbia Union Conference of Seventh-day Adventists for the past eight years, will be in charge of the convention, assisted by C. H. Kelly secretary-treasurer.

Leading the list of international officers of the church at the parley will be Reuben R. Figuhr, world president of the General Conference of Seventh-day Adventists. Others will include C. E. Moseley, secretary of the regional (colored) department of the church; William B. Ochs, President of the North American Division; and J. I. Robison, associate secretary of the General Conference.

The local pastor is expected to leave this area on Sunday in order to reach the Ohio city in time for the 1 o'clock opening session on Monday afternoon. It is expected that he will return on Thursday. A report of the proceedings of the convention will be given to his church on Saturday morning, March 26.

Other regional Seventh-day Adventist conventions scheduled during the spring will take place in Portland, Fresno, California; Oklahoma City, Kansas City, Grand Rapids, St. Paul, New Pork City Miami, and Ottawa, Ont.

THE CARNIVAL
OF SPRINGTIME

Composed by—M. B. G.

The time of snow and frost has past,
Bringing warm showers, and sunshine at last;
To brighten our days, and change our ways,
From quiet living inside,
To the great life outside,
When youth can waltz in the moonlight,
By the music of the night-birds, and starlight, bright.

The golden daffodils,
and butter-cups with frills,
The ecstasy of youth, and age, as well,
Gives to each one, thrills;
The chirp of the robin,
The approaching song of the mocking bird,
Make our hearts flutter,
No lovlier music have we heard;
Within the lily-pond,
the bull-frog croaks a tune,
He winks, and thinks, the fireflies are coming soon;
Mother Nature has spread the carpet green,
For the hiding crickets which sing in rhyme:
All nature joins the Carnival of Springtime.

Appomattox is a growing town.

Flower Show In Richmond

Enchantment and spectacular beauty, with a purposeful theme for better gardening, will make the First Annual Virginia Garden and Flower Show an exciting, new experience for thousands of beauty conscious Virginians.

Timed to catch the spring enthusiasm of all garden lovers, the exhibition will be held March 18 through 23 at Richmond's new Arena —a multiple purpose facility that for the first time provides a proper setting for a show of this scope.

The exhibition is intended as an annual event on the Old Dominion's springtime calendar, giving the gardener a cross-section view of gardening—the old and the new, the decorative and the functional.

Eighty-three exhibits, featuring every phase of gardening from seeds to spades and from garden clothes to garden crafts, will keep the gardener in step with the latest developments in popular outdoor home beautification.

In addition, a magnificent garden and flower display of more than 10,000 plants covering thousands of square feet will provide a thrilling sight of bursting color. Sixteen full sized cadets, 1,000 blooming azaleas, hundreds of tulips, and almost 500 shrubs of various types will blend under fascinating lighting effects.

The focal point of the exhibition will be a spectacular water pool with shooting water sprays, multi-colored under water lights, and brilliant floral support. Planning alone for all of the show's decorative effects took more than six months and the cost of construction will run into thousands of dollars.

The co-sponsors of this inaugural Garden and Flower Show are the Richmond Nurserymen's Association and the Piedmont District, Virginia Federation of Garden Clubs. Their idea for a garden show to rival the successful productions held in Washington and New York evolved from a dream to a reality. Richmond's new Arena, with 000 square feet of floor sp came available.

"This is the first time we had the proper facilities Richmond to do what we wanted to," Kenneth R. the landscape architect, and adds, "with all the p participating, we'll have a s will stimulate interest in g generally on a widespre

Coming as it does a sho before Garden Week in the exhibition, according also will provide a wonde tunity for those people wh know where and what to commercial photographers a agencies, for instance, wi three dimensional color slides depicting the highl Garden Week.

Blair, Billy Wilkins, Delbert White- ecome Chancellor in head, Reginald Speir, and others, now or formerly of the Extension Service. Recognition was also given to Mrs. B. G. Anderson, Appomattox Home Agent, the office staff, present and formerly of the agent's office, and to a number of county agricultural leaders.

In a brief talk in appreciation of the honor being paid him, Mr. Hudgins lauded the spirit of cooperation he had received in the years he had served here as county agent, and thanked all those who joined him in efforts to improve agriculture in this area. Mr. and Mrs. Hudgins will continue to live here after his retirement.

James H. Smith, of Halifax, who will succeed Hudgins as agent here, was not at the banquet, but will arrive later this month.

Homemakers Items

Another innovation in the world of hosiery is noted by Miss I Byrd Johnson, clothing specialist at VPI.

The new stretchable hose, which have both advantages and disadvantages, are made of a type of nylon yarn marketed under such trade names as "Helenca," "Chardolon," "Burmil," and others.

The yarn is made of many fine filaments, which when relaxed become contracted and coiled. This special yarn allows tremendous stretch.

Some advantages of this yarn are better fit, more comfort, and longer wear, provided certain precautions are taken.

A disadvantage, for which manufacturers have not yet found a remedy, is "piling," or roughing up when the surface of the hose comes in contact with rough skirt hems, harsh lace on slips, or the rough lining of overshoes or boots.

As is true with everything in the pilot stage, the price of the new hose is relatively high.

Miss Johnson says if you want to experiment with the hose be prepared to pay higher prices; and check the hems of your skirts and slips and the lining of your boots or overshoes for harsh or rough places.

NOTICE: See us for your rubber stamp requirements. —The Times-Virginian.

Spout Spring

Spout Spring, March 15.- Mr. Adron Lloyd, of Lynchburg visited his mother Sunday.

Mrs. F. O. Jones is visiting Mr. and Mrs. Bobby Carroll, of Washington.

Mr. W. E. Martin and several members of his family have been on the sick list for several days.

Mrs. Aubrey McFadden is on the sick list at this writing.

Mr. and Mrs. George Carson gave Mr. Elliott Carson a surprise birthday party Thursday evening.

Mrs. Eunice Wharton and children, of Portsmouth spent the weekend with Mr. and Mrs. Dan Thomas.

Mrs. Frankie Walton and Miss Josephine Walton spent Monday in the home of Mr. and Mrs. George Carson.

Mr. and Mrs. H. S. Jones, Jr. moved into their new home last week.

Mr. Jack Mayberry, who has been a patient at Lynchburg Hospital for several days, is improving.

Appomattox is a growing town.

WEED SPRAYS MAY HELP SMALL GRAINS

If green flower buds, flowers, and weed pods are in small grain at harvest time, the grain may heat and spoil in storage, or need special attention for drying says J. M. Amos, weed specialist at VPI.

Weed seeds in grain also reduce the value of the grain and may be a means of spreading weeds on the farm.

If you have wild mustard, turnips, vetch, wild peas, ragweeds, cockle, or garlic in small grains at this time of the year, now is the time to treat them. They can be eliminated from the harvested grain by using a 2,4-D weed spray early in the spring when the plants have stooled, or tillered, but before they begin to joint. At this stage, the grain is 4 to 6 inches high. The temperature should be 60 degrees or above for best results.

Use 2,4-D at the rate of 1/2 to 3/4pounds of the acid equivalent per acre. Use the amine, or sodium salt, form if resistant weeds are not present. But, where garlic and cockle are troublesome, the ester form will give better results.

This chemical spray will not kill all the weeds but will deter their growth, or prevent flowers from forming.

When a legume, such as lespedeza is to be seeded after spraying, wait three weeks or more between spraying and seeding depending on the temperature and rainfall.

For more complete information on this problem, see your county agent, or write the Agricultural Extension Service, VPI, Blacksburg.

More than new

Ford's 162-h.p. Y-block V-8 and 182-h.p. Y-block
Special V-8 now offer new Trigger-Torque power!

When you Test-Drive Ford's new Trigger-Torque power you're in for a thrilling surprise. For here is power that can get you moving in split seconds . . . and give you safety-fast passing ability.

It has actually been measured that it takes the rear wheels as little as 7/100 of a second to react to your touch on the gas pedal.

Such Go-power can come only from engines which are *more* than merely new—*more* than ordinary V-8 engines. And that's exactly what these Ford engines are. They are the result of the most advanced V-8 engineering—a result of Ford's precision manufacturing techniques and experience in building more V-8's than all other makers combined have ever built!

Tried and true

Ford's 1955 engine news resulted from 23 years' experience building over 14,000,000 V-8 engines

In 1932 Ford introduced the V-8 engine to the low-price field. And it was only just recently that other makers in Ford's field adopted this kind of engine—28 years later. Yet it is interesting to note that the majority of costlier cars had joined Ford in offering V-8's some time ago.

Ford's vast experience in building over 14,000,000 V-8 engines has never paid off better than this year. *Now* you can enjoy the ultimate in "Go"—new Trigger-Torque power. *Now* you get new spark plugs which resist "fouling" up to 3 times longer. *Now* you get the greater smoothness of Ford's rigid deep-block design. *Now* you gain the savings of higher compression ratios. *Now* you gain the power of the biggest Ford car engines ever. And you get the security of knowing that Ford, the world's most experienced V-8 maker, built your car's engine.

Come in. Take your Test Drive today. Ford has *much* more to offer that's new. You'll find beautiful Thunderbird-inspired styling—comfortable new Angle-Poised Ride—new 10% larger brakes, to name a few.

Thrill to Trigger-Torque Power in the **Ford (Y-block) V-8**
